1 Vocabulary Environmental impacts

A  Label the pictures with the correct words. Then listen and check your answers.

e-waste

hybrid car

organic food

pollution

solar energy

global warming

nuclear energy

plastic bags

recycling bin

wind farm

1 _____

2 _____

3 _____

4 _____

5 _____

6 _____

7 _____

8 _____

9 _____

10 _____

B **PAIR WORK** How do the things in Part A impact the environment?

Do you think **nuclear energy** now has a good image?

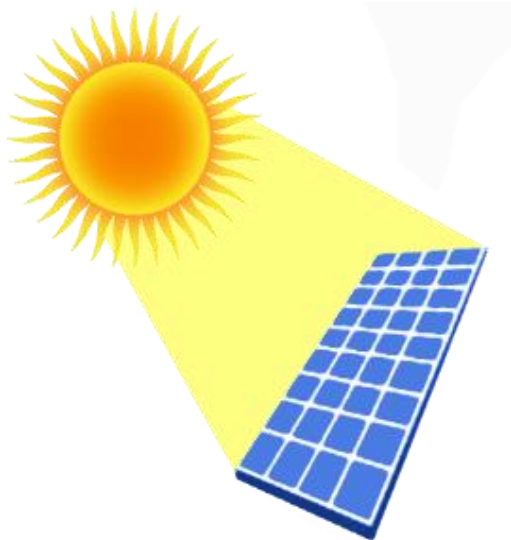

How does **solar energy** work?

Do you think cars will run from **solar energy** one day?

What are some of the main sources of **air pollution**?

How does **air pollution** affect human health?

What are some of the ways that individuals can reduce their own **air pollution**?

What is the main cause of **global warming**? How can we control it?

In what ways do **wind farms** help us?

What are the effects of using **organic food** on our lifestyle?

In your opinion, should we use **plastic bags** or we should get rid of them?

Does **recycling** save energy? Is it possible to **recycle** everything?

Is it possible to reuse **e-waste**? In what ways?
