۴	<p>متن زیر را بخوانید و به سوالات داده شده در هر قسمت پاسخ دهید.</p> <p>Everyone knows that when a child is born, he cannot speak. Making a few kinds of sound like crying is the only way he can communicate with others. By crying, he means he is hungry or he is tired. In this way he can show his feelings, but after a few months, the baby gets aware of his world. At this time, he's careful about everything around him, especially his parents. He begins to record what they do, what they say and how they act. He even records his parents' accent, tone of voice, or gesture. Then the baby starts to <b>act</b> like them, that is he tries to copy them. By acting like his parents, he'll be able to say his first words which are very simple. As he grows up, the child's speaking ability improves, and when he gets older, he can choose proper words, and expressions to say exactly what he wants.</p> <p>❖ <b>True / False</b></p> <p>45) The first child's words are very simple.                      a. ۴	<p>متن زیر را بخوانید و به سوالات داده شده در هر قسمت پاسخ دهید.</p> <p>It is very important for us to respect our elders. It is also important to note that elders were not born elders; they were kids like us and now have grown old. A few years hence we will also grow older. If today we respect them, future generations will carry those values and will learn to respect us as well.</p> <p>Elders have a lot to share with us: their life experiences, their failures, their successes and many more. Thus we need to care for them because they deserve to be cared for. Respect and care for elders start with our parents as <b>they</b> are our first teachers in our life.</p> <p>No matter what we do in our lives, who we are, and where we live, we must love them as they love us unconditionally. They feel honored when we appreciate their love and respect them. So it is our duty to help them when they need us because they are not young enough to handle things <b>on their own</b> like before.</p> <p>❖ <b>True / False</b></p> <p>51) Elders have nothing to share with children.                      a. True                      b. False</p> <p>52) Respecting elders starts with our teachers.                      a. True                      b. False</p> <p>❖ <b>Choose the best answer</b></p> <p>53) What does "they" in paragraph 2, line 3 refer to?</p> <p>a. our first teachers                      b. future generations                      c. our parents                      d. the elders</p> <p>54) The opposite of "on their own" in the last line could be -----.</p> <p>a. unconditionally                      b. separately                      c. individually                      d. together</p> <p>❖ <b>Answer the following questions.</b></p> <p>55) Do elders deserve our appreciation?</p> <p>56) How do our parents feel when we respect them?</p>	O
