About Us

In 2002, Ghadir Liftl Engineering Group started its activity in the field of producing elevator parts, including types of elevator cabins, types of hinged doors, and elevator accessories.

Considering the increasing needs of the country for the elevator industry in order to improve its products, and considering the high ability of the collection, for the first time in your country, this company has started to design and produce the fully automatic doors of Selcom model.

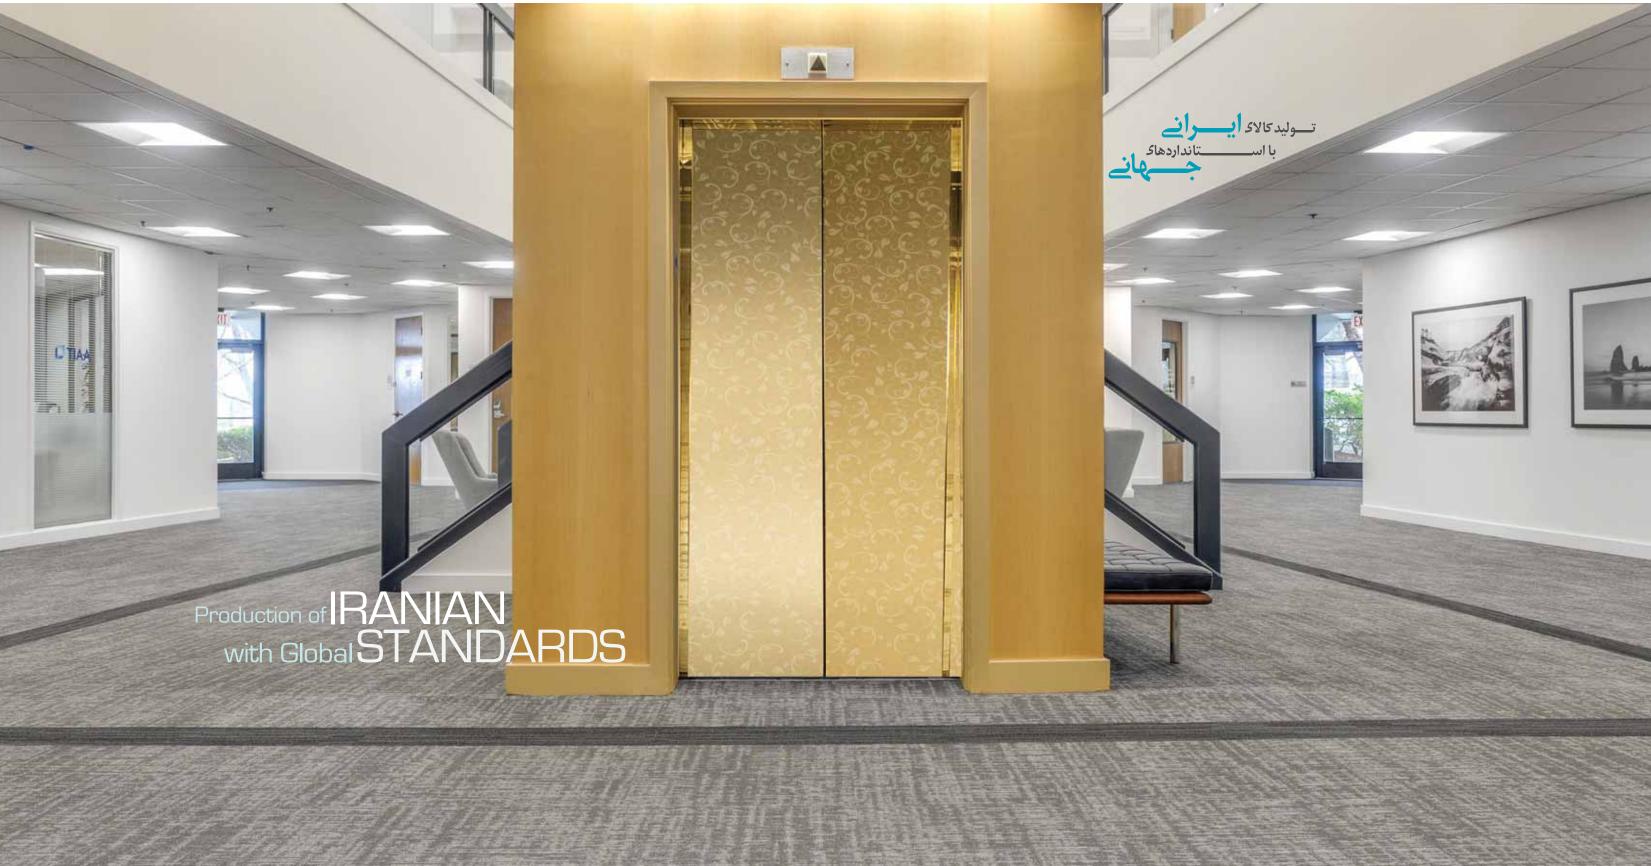

In order to standardize and improve the quality of its products, this company has been honored to obtain the mark of Iran's national standard for the production of fully automatic doors in 1992. In addition to sales and after-sales services throughout the country, it has started to export products to neighboring countries and Persian Gulf countries, and in this regard, it has received the European CE certificate in 2015.

Ghadir lift in line with customer orientation and offering quality and diverse products, in addition to obtaining national and international standards and using the most modern technology in the world, including laser cut machines, punches, press brakes CNC And the separate and fully automatic electrostatic paint line has adopted new methods and mechanized sales and after-sales service systems.

آسانسور غدیر به این خودباوری رسیده است که مشتری مداری یکی از حرفه ای ترین اصول در تولید و عرضه محصولات می باشد ، بدین منظور ضمن جمع آوری اطلاعات از نیازها و ذائقه مصرف کنندگان در ســـال ۱۳۹۹ مبادرت به طراحی و تولید مدل جدیدی از درب های اتـــوماتیک و نیمه اتوماتیک آسانسور نموده است، که بخش قابل توجهی از نیازهای مصرفکنندگان داخلی را تامین می نماید.

لولایی آسـانسور

این درب که نام آن آسانکار سماتیک غدیر و با برند غدیر به بازار مصرف عرضه می گردد. علاوه بر مزایای درب های سماتیک موجود در بازار از تکنولوژی ساخت درب های سلکوم در تولید آنها استفاده شده است که این امر باعث کیفیت بالای محصول نسبت به نمونه های مشابه داخلی شده است.

از جمله مزایای این درب ها استفاده از قـرقرههای،دو شاخ و کــنتاکت و مـــوتور گیربکس انکودر دار سلکوم میباشد.

Ghadir Lift has reached this self-belief that customer orientation is one of the most professional principles in the production and supply of products, for this purpose, while collecting information about the needs and tastes of consumers, in 2019, it exported to the design and production of a new model of automatic doors. And it has semi-automatic elevator, which provides a significant part of domestic consumers' needs.

This door, whose name is Asankar Sematic Ghadir and Ghadir Lift brand, is offered to the consumer market. In addition to the advantages of the automatic doors available in the market, the manufacturing technology of Selcom doors has been used in their production, which has resulted in high product quality compared to similar domestic models. Among the advantages of these doors are the use of pulleys, two horns and contacts, and Selcom's encoder-encoder motor.
