

Aftab Nokhiz Hezar Masjed innovator Co
Manufacturer of Health - Oriented food products

in the name of God

At Aftab Nokhiz, our goal is to exploit the power hidden in food to help maintain the health of the human body and soul. We believe in the power of food to improve life, and by violating the unwritten law, everything tasty is harmful to humans, and every useful food is not tasty. To help the elderly in the best possible way. Good food can bring people together and give us moments full of happiness, peace and health. I lead a company that has been able to increase the quality of life of its consumers in all stages of life with a lot of research and research in the field of food therapy and knowledge-based and creative solutions. It is obvious that by correctly performing these four tasks performed in the organization, i.e. providing natural and healthy raw materials, creative formulation and processing, environmentally friendly packaging, designing a healthy business environment and creating common values for the entire chain of production to consumption, Our aim is to increase the health level of the society.

If God wills.
