TV Service	2022-05-02	
Stream Service	2022-10-02	
Data Service	2022-10-02	

## Add STB

\* SN

\* Verification Code

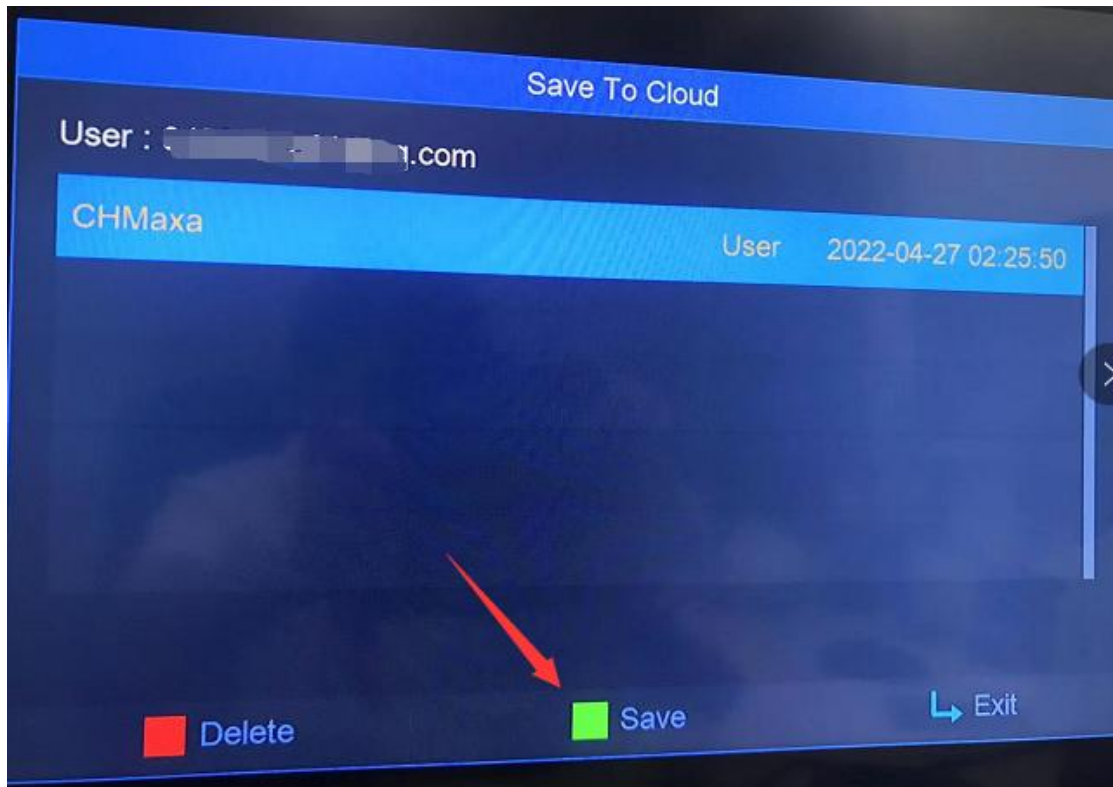

STB Name

### 3.STB

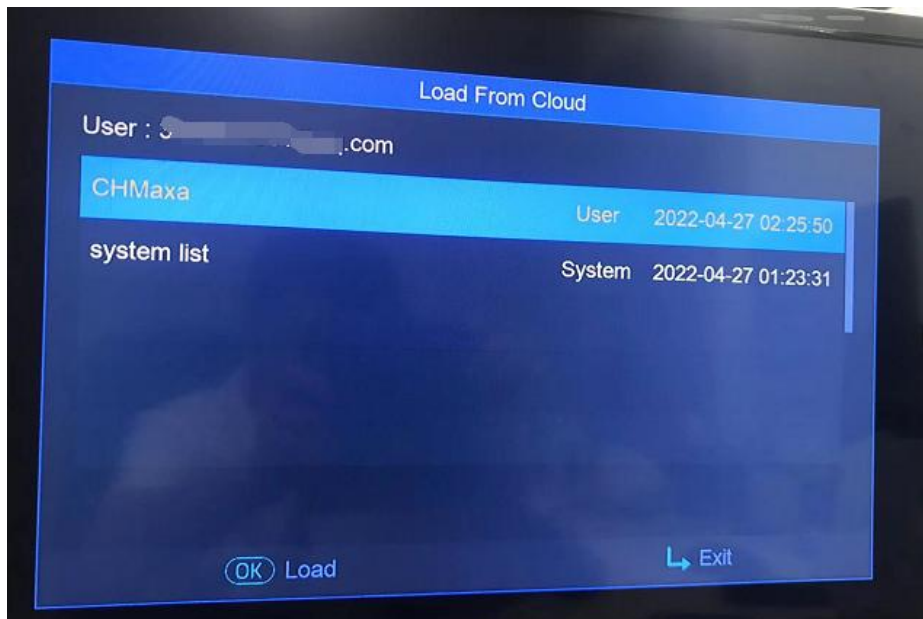

3.1Menu-- Edit channel-- User channel List – Save To Cloud

Save your Channel list to Mango Cloud

3.2. Edit channel- User channel List –Load From Cloud

Download and update the previously saved channel list

#### 4. Mango cloud

Cloud Service-→CHMax, you can copy, increase or decrease, arrange and edit the saved program list according to customer needs;

The screenshot displays the MANGO Cloud Services interface. The top navigation bar includes 'Home', 'Terminal', 'Cloud Services', 'Orders', and 'Features'. The 'Cloud Services' section is highlighted. Three service cards are visible: 'CHMax', 'My Link', and 'Net Audio'. The 'CHMax' card is highlighted with a red box and a red arrow pointing to the 'Operation' column of its table. Below the table is a 'Create Channel List' button. The 'My Link' card has an 'Edit' button. The 'Net Audio' card has an 'Edit' button.

**CHMax**

Channel List Name	Operation
CHMaxa	<a href="#">✎</a> <a href="#">↓</a> <a href="#">🗑️</a> <a href="#">📄</a>

**My Link**
