# About

A creative graphic designer, illustrator and photographer. Skilled with Adobe Creative Suite (Illustrator, Photoshop, InDesign), expert in Microsoft Office Suite. Developed numerous marketing programs (logos, brochures, catalogs ,design and layout, posters and advertisement).

Hard-working, self-motivated, organized, inspired and great at teamwork.

I will never let a creative challenge defeat me. I always contribute my ideas with others to take constructive criticism well. I believe that good design should engage and communicate with people. It should break the barriers and burn into memories. I do believe my ability will demonstrate that I meet the requirements expected from a graphic designer and I will be a good fit for your company.
